HEED UGANDA

"... a garment of praise
... instead of a spirit of despair"

Isaiah 61:3

About HEED

In an area nicknamed Unlucky, God is bringing transformation.

Since 2005, HEED has grown from a fledgling primary school into a holistic ministry serving 7,300 people across five villages. Over 700 students attend our schools, and hundreds more utilize our clinic and participate in community development programs that build skills, create opportunity, and restore dignity.

- Where children once dreamed of going to school, they now dream of becoming mechanics, teachers, or computer programmers.
- Where health care was once inaccessible, mothers safely deliver babies in our community clinic.
- Where unschooled mothers felt trapped in poverty, community development programs are bringing opportunity and better livelihoods.

This catalog shares some of our most exciting initiatives for 2027—each one a chance to bring tangible love, hope, and transformation. Will you join us in loving our neighbors in faraway Ugandan villages?
