

*“... a garment of praise  
... instead of a spirit of despair”*

*Isaiah 61:3*

2024  
**GIVING CATALOG**

## ABOUT HEED

*In a place the world had seemingly abandoned, God is doing great things.*

- Where children once dreamed of just getting a meal, they now dream of becoming mechanics, teachers, or computer programmers.
- Where health care was once inaccessible, mothers safely deliver babies in our community clinic.
- Where dirty pond water was all they had ever known, students nourish their bodies with purified, clean water.

We have come so far, but there is more ground to be gained. We now serve about 6500 people from 6 villages and have over 700 students enrolled in our schools. This catalog contains some of our 2024 programs and initiatives. We invite you to participate with us in bringing love and hope to our community and its children.

If you would like to give an item as a gift, state that on the Give Page or with your donation via our website. We will send you or your loved one a card honoring your gift.

## HEED: OUR MISSION

*To partner with communities in Uganda so that children and their families experience fullness of life for generations.*

### Our Pathways to Community Transformation

- Education
- Water Projects
- Spiritual Growth
- Health & Sanitation
- Community Development

Follow news and project updates through the year on our blog at:

## ONGOING GIVING

*Consistency brings stability.*

Monthly support is one of our biggest needs. Regular giving funds operations and helps us budget and plan effectively. Our monthly donors provide the backbone for all of HEED's projects.

Would you consider joining the HEED "Transformation Team" by becoming a monthly donor helping us to sustain and grow ministry programs?

## Join the Transformation Team

Go to our website: [heeduganda.org/give.php](http://heeduganda.org/give.php)  
and you can select the amount and frequency of your ongoing gift.

[heeduganda.org/give.php](http://heeduganda.org/give.php)

Give monthly, quarterly,  
or annually. Dedicate  
your donation in honor or  
memory of someone.

\$10	\$25
\$50	\$100
\$250	\$500

## EDUCATION

*Education creates a path out of poverty.*

Education is the catalyst for empowered futures, so we created space for more students. Can you help furnish our new high school dormitories and the new computer lab at the primary school?

Sports and physical education are an important component of a well-rounded education. Our high school field is bare and rocky for our often-barefooted soccer players. If we can purchase topsoil, seed and fertilizer, the students can rake, screen, and plant the field section by section.

Finally, power has come to the area, can you help bring electricity connections to each of our teacher's houses?

## Equip the schools

- Electricity for 1 teacher house | **\$100** (20 needed)
- Computer table | **\$80** (10 needed)
- Computer chair | **\$40** (20 needed)
- Mattress & blanket | **\$60 each** (50 needed)
- Plant grass | **\$10/sq. meter** (1000 total)
- Fire extinguishers | **\$35** (6 needed)

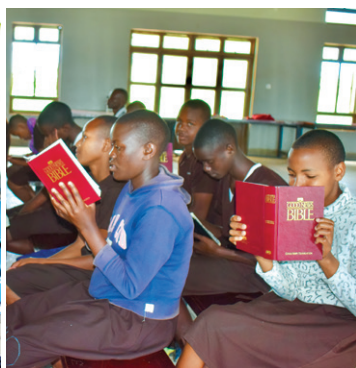

## SPIRITUAL GROWTH

*Every child is created in the image of God, is valuable, and has a purpose.*

We desire for all we serve to discover their full potential through a life-giving relationship with Jesus. Working beside the village church we planted, through Scripture Union Clubs in the schools, and special events we seek to share the love of God in all we do.

## Build the Kingdom

- Bible for graduating students | **\$15**
- 3-day Gospel Blaze Youth Outreach (4 needed)
- Electricity for the pastor's house | **\$600**

## WATER, SANITATION & HYGIENE

*Water brings life.*

An adequate year round water supply for the schools is something we are still working toward. Due to little subsurface water to supply wells, we must rely on rainwater collection which requires a massive amount of storage. Can you help us add water tanks to our storage system so that we can store enough water in the rainy season to sustain us through the dry season?

Water purifiers for each classroom would ensure that harvested water is pure, and additional hand washing stations are needed throughout the campus to easily wash away germs.

### Supply Water & Hygiene

- Handwashing station | **\$80**  
(3 needed)
- Classroom water purifier | **\$100**  
(10 needed)
- Water distribution tap | **\$250**
- Water tanks | **\$700 each** (30 needed)

## HEALTH

*The most important wealth is health.*

Our community clinic serves our students and over 6500 people from 6 villages. Many people walk for hours to reach the clinic. A Tuk Tuk is a 3-wheeled tricycle that can be customized to become an ambulance for bringing patients and expectant mothers safely to the clinic for treatment.

An incinerator to safely dispose of medical waste, and additional equipment for our maternity ward are also needed. Can you help us continue to bring improved health so the community can thrive?

## Equip the Clinic

- Malaria test & treatment | **\$25**  
per 5 patients
- One-month midwife salary | **\$175**
- Maternity lighting | **\$200**
- Incinerator | **\$1000**
- Labor & delivery bed | **\$500**
- Tuk Tuk Clinic ambulance | **\$4500**

## COMMUNITY DEVELOPMENT

*Partnering for community driven initiatives.*

Our community development program creates and trains locally led Community Leadership Teams who develop their own plans for sustainable development in their communities. Initiatives are funded through savings groups where members collectively save and invest. Each team creates a different group project to improve the livelihoods of its members.

Our community development team needs transportation to reach more communities and empower more lives.

## Equip the Community Development Team

- 10 Bee Hives | **\$50**
- Saving circle starter kit | **\$100**
- Motorcycle | **\$2500**
- Soap making enterprise | **\$250/20 people**
- Adult literacy instructor | **\$125/mo**

## EMPOWER FUTURES

*God created us to flourish, but barriers like poverty hinder that.*

Education empowers futures in people of all ages. Our demonstration farming program allows us to grow crops and rear animals to decrease school expenses and demonstrate innovative ways to generate income.

In addition to growing maize, fruits, and vegetables to feed the students, we grow coffee as an income generating project for the schools and community. This year we hope to expand our goat herd, acquire several milk cows to add milk to the students' porridge, and plant an additional 3000 coffee bushes on three acres that will begin yielding coffee beans in just 18 months.

## Equip Our Demonstration Farm

- 1 goat | **\$80**
- 1 milk cow (you name) | **\$700**
- 50 coffee seedlings | **\$25**

# GIFT INFORMATION

Create a legacy with gifts that transform lives.

## To Give

### ... GO TO OUR WEBSITE:

You will find the items from the 2024 Catalog on our website under Support and Give. If an item is a gift, you may note that and request a card be sent to you or directly to your loved one on your behalf.

[heeduganda.org/give.php](https://heeduganda.org/give.php)

### ... or MAIL/CHECK:
